

WANT TO SAVE MONEY ON THE COST OF YOUR HEATING OIL?

**Join our community-based
countywide oil buying group
and see how easy it is**

www.communityimpactbucks.org.uk

What is the service about?

Community Impact Bucks set up the group to help reduce the cost of your domestic heating oil each time you place an order.

All you need to do to take advantage of the service is to pay an annual membership fee, which will cover as many oil orders as you need during the course of the year.

By bringing communities throughout Buckinghamshire together and making the most of joint buying power, we can make savings and pass them directly to people whose fuel costs are high simply because they use oil for heating and cooking.

Once you have joined the group, you place your order then sit back while we do the work for you.

Delivery is usually made within 10 days of the ordering deadline so do make sure you order when you have enough in your tank to avoid running out.

Annual membership fees

Domestic: £24 ★ Community Building £36 ★ Business: £120
which will cover your oil deliveries for a year.

*Please make cheques payable to Community Impact Bucks Trading Ltd
For payment by BACS please contact us for details*

5 easy steps to cheaper heating oil

Step 1: Join the Community Impact Bucks Oil Buying Group

Request a membership form from Community Impact Bucks or apply via the Community Impact Bucks website
www.communityimpactbucks.org.uk

Step 2: Wait to hear from your local co-ordinator

We will let your local co-ordinator know that you have joined the group. Each month they will email you to ask whether you want to place an order. The minimum order is 500 litres.

Step 3: Place an order

Let your local co-ordinator know you want to buy oil. Each month they submit a total village order to our negotiator. Your order increases our negotiating power, so once submitted we regard it as binding.

Step 4: Sit back whilst we negotiate the price

We negotiate the best price quoted from a range of suppliers at the time of ordering. Each month your local co-ordinator will let you know who the supplier will be, the approximate date of delivery and the price per litre you will pay, (this price does not include VAT, currently at 5%)

Step 5: Take delivery of the oil and pay the company

The oil will be delivered as soon as possible and you pay the negotiator who then pays the supplier, this means you don't have to pay different suppliers each time you order.

Quotes from members of the group:

It is an excellent scheme—we really appreciate it

I am delighted with this great service!!
